90 cm Black Twin Fan Range Cooker with Ceramic Cooktop

Twin Fan Cooking - With Beko's TwinFan™ technology, you can now cook large portions in no time. By spreading heat evenly throughout the oven, the dual fans provide better air circulation, giving you faster preheating and cooking time compared to single fan ovens.

Extra Large Capacity- Despite its standard outer dimensions, the Beko 90cm Freestanding Cookers have the most spacious interiors in their class. Convenient for large families or gourmets wanting to get the most out of their oven. Forget about flipping, splattering, or cooking in batches - just serve up delicious, evenly cooked dishes for everyone!

Ceramic Cooktop -The 5-zone ceramic cooktop offers generous space and flexibility, allowing a family to cook multiple dishes at once—ideal for busy weeknight dinners or large family meals. Its sleek, flat surface is easy to clean and provides consistent, even heating across all zones, making mealtime prep more efficient and enjoyable.
